4. Upload or Update Your Manuscript File

Upload your .doc or .docx file by either dragging your file to the box under the FILES section or by clicking the “Upload from Computer” Button. Once the upload is completed, your file name, size of your file, and the date and time of your upload will appear on the left above the box.

To update your file with a new version, delete the old file first by clicking the “x” beside the filename then upload a new one. Use the timestamp beside the filename as an indication of whether the last upload was successful. Make sure you click the “Save Changes” button at the bottom of the submission form.

5. Submission Summary and Confirmation

Once you have clicked the “Submit” or “Save Changes” button, you will be taken to the Submission Summary page. A submission report will be automatically generated and emailed to all authors of your manuscript each time you updated your submission. You may return to the Author console to submit another paper by clicking “Back to Author Console” button or edit your submission by clicking “Edit Submission” at the bottom of the page.

All communications will be sent via CMT, please do not select the “Do not send me conference email” option in your User Profile setting to avoid missing important messages. An official confirmation email will be sent to the primary author of each paper via CMT **the day after the intention-to-submit**

deadline confirming your paper registration. A final confirmation will be sent to all authors **the day after the submission deadline** to confirm your paper submission.

6. Adding Co-authors

You must enter all co-authors of the paper by the submission deadline. Note: Co-author with a registered CMT account can edit your submission. Only the primary author can delete a submission.

Order the list of authors using the arrows on the right. **You will not be able to change the order or**

add co-authors after the submission deadline. **Adding a new co-author to your manuscript after acceptance requires permission from the program chairs and may be declined.** Any changes to the author list after acceptance (including changing the order, adding co-authors, or removing co-authors) also requires written permission from all co-authors.

If your co-author's email address is not in the CMT database, CMT will prompt you to enter personal information on the co-author's behalf. If you believe that your co-author already has a CMT account but they are not found in the database then it may be because they have registered using a different email address. **Make sure the names entered on CMT are spelled correctly. Data entered on CMT will be used to creating the final program and in the Conference Proceedings.** If you have misspelled your co-author's details, you can remove the mistyped entry by clicking the "x" and re-add the co-author.

Note: Co-authors are not required to register for a CMT account to receive your submission report. However, if your co-author wishes to access or edit your submission, your co-author must register
